

REMARKS

This application is the national phase filing of an International Application filed under the Patent Cooperation Treaty (PCT). The above Preliminary Amendment is submitted to: (1) add the appropriate headings to the specification; (2) to correct spelling and grammatical errors in the specification; and (3) amend the claims to conform to US rules and practice and to remove multiple dependencies.

5 A new Abstract is submitted that conforms to US rules.

A Replacement Sheet (Sheet 6/6) of drawings is submitted, showing Figs 4a, 4b, and 4c. This sheet is substituted for original sheet 6, in which the figures were photocopies of 10 photographs. The drawing Figures on the Replacement Sheet are believed to be in compliance with 37 CFR 1.84.

No new matter has been added to the specification, claims, abstract or drawings.

Entry of this Preliminary Amendment is respectfully requested, and an expeditious examination is earnestly solicited.
